

China to Focus on 9 Reform Areas in 2015—Xinhua (2014-12-11)

- China will accelerate reform in nine areas next year including
 - the capital market
 - market access for private banks.
 - administrative approval,
 - investment,
 - pricing,
 - monopolies,
 - franchising,
 - government purchased services, and
 - outbound investment..
- More effort will be made to transform the reform into growth.
- The evaluation system for reform and general public access the reform work will also be improved.
